⁽¹⁾The number of cases were provided by the Douglas County Health Department STD Control Section (2017 case counts are preliminary)

⁽²⁾Cases include persons with diagnoses of HIV infection or AIDS regardless of stage of disease when diagnosed

⁽³⁾The total number includes antigen, PCR and culture results reported year-to-date.

⁽⁴⁾The number of cases reflects confirmed and probable cases.

⁽⁵⁾The number of cases reflects confirmed, probable and suspect cases; suspect cases are locally defined.

⁽⁶⁾Includes *E. coli* O157:H7; Shiga toxin-positive, serogroup non-O157:H7; and Shiga toxin-positive, non serogrouped.

⁽⁷⁾Cases are counted based on confirmed/diagnosis date, not report date.

*Data Not Available

Numbers are subject to change and become final at the end of the calendar year.

For questions/additional information on these or other morbidities, please call Epidemiology at 444-7214.

Report Type: Monthly
